Alexiane Hildbrand

DATE OF BIRTH
03.12.2005

PLACE OF RESIDENCE
Gorgier (NE), Switzerland

I design visual and interactive experiences. Graduated in July 2025 from the Applied Arts School of La Chaux-de-Fonds (CPNE-AA) with a degree in Interactive Media Design, my multidisciplinary education, spanning graphic design, coding, photography, animation, illustration, and 3D, shapes a cross-disciplinary creative approach. Since August 2025, an internship at Wijstudio in Amsterdam has been refining my practice within an international professional context. Introverted and curious, I am driven by the exploration of new disciplines and techniques, which informs my design approach. Music, a guiding thread in my creativity, runs through my projects and fuels my visual research.
